

ASMR Medical Research Week® *Victorian Gala Dinner 2018*

Featuring the **2018 ASMR Medallist** as keynote speaker

Professor Hope Jahren

Professor Jahren is a geobiologist whose research is crossing interdisciplinary boundaries, using her expertise in stable isotope chemistry to develop new tools to better understand dietary sugar intake and sugar metabolism.

A passionate advocate for science and best-selling author of the critically acclaimed 'Lab Girl', Prof. Jahren's story of the triumphs and challenges of a career in science will resonate with many.

7:00 pm start

Thursday June 7, 2018

The InterContinental Melbourne

This annual prestigious event will be the highlight of the health and medical research calendar in Victoria. Don't miss the opportunity to celebrate research, and network with scientists and stakeholders. Be sure to book early to avoid disappointment.
