

STRATEGIC PLAN 2024-2028

STRATEGIC PRIORITIES

STRATEGY	Provide a platform for our members to develop across all aspects of career life	Advocate on behalf of members for a flourishing health and medical research sector	Engage with the community for sustainable health and medical research outcomes	Foster a member-centric, pro-active and effective organisation
GOALS	Assess and monitor sector practices for EMCRs	Advocate for issues identified by members	Prioritise engagement with and involvement of community	Tailor a governance framework to enable our strategies
	Develop frameworks for diverse career pathways	Establish collaborative working groups to develop solutions	Involve high school students through events and activities	Diversify funding sources to ensure sustainability
	Facilitate mentoring programs for members	Partner with sector leaders to ensure a cohesive voice	Build local networks that are mutually beneficial	Build a team to deliver relevant and valued work to members
	Education and professional development for members	Establish regular advocacy guidance and training	Promote annual ASMR Medical Research Week®	Champion and empower local leadership across the states

VALUES

- VISIONARY – we dream big and challenge the status quo
- BOLD – we empower health and medical researchers to stand up for a better future
- INCLUSIVE – we value diversity and collaboration for collective success
- HONEST - We are true to our word and communicate openly and respectfully

OUR VISION
A flourishing health and medical research sector in Australia

OUR PURPOSE
To empower health and medical researchers to drive and innovate a healthy future
