

63rd ASMR National Scientific Conference
EXPLORING MULTIDISCIPLINARY FRONTIERS

National Gala Dinner 2024

We invite you to sponsor a table at ASMR Medical Research Week's signature event, the National Gala Dinner. The dinner is an opportunity to recognise the work of Australia's medical researchers, celebrate their achievements and, in the spirit of multidisciplinary and cooperative research, network with past, present and future research collaborators.

The evening will also be an opportunity to hear from the 2024 ASMR Medallist Professor Matt Dun. Professor Dun was already researching childhood cancers when his career took a deeply personal turn. In 2018 his young daughter, Josephine, was diagnosed with an incurable brain tumour.

Join us in honouring Professor Dun's work and acknowledging the often-uncelebrated achievements being made by Australian health and medical researchers.
