

# Western Australian Gala Dinner 2024

We invite you to Western Australian medical research's signature event, the **ASMR Gala Dinner**. The dinner is an opportunity to recognise the work of WA medical researchers, celebrate their achievements and, in the spirit of multidisciplinary and cooperative research, network with past, present and future collaborators.

The evening will also be an opportunity to hear from the **2024 ASMR Medallist Professor Matt Dun**, whose work is focused on improving the survival of patients diagnosed with the world's deadliest and most aggressive form of paediatric cancer.

Join us in honouring Professor Dun's work and acknowledging the often-uncelebrated achievements being made by Australian health and medical researchers.
