Includes: canapés, three-course meal, beverages

Individual tickets \$190 each at [ASMR website](https://asmr.org.au)

2025 ASMR Medallist, Dr Daniel Timms

We invite you to Queensland medical research's signature event, the ASMR Gala Dinner. The dinner is an opportunity to recognise the work of Queensland's medical researchers, celebrate their achievements and, in the spirit of multidisciplinary and cooperative research, network with past, present and future collaborators.

The evening will also be an opportunity to hear from the 2025 ASMR Medallist Dr Daniel Timms, an innovative biomedical engineer whose journey began in Brisbane, where he spent countless hours alongside his plumber father, tinkering with water pumps and constructing imaginative devices. A personal tragedy ignited Dr Timms' unwavering commitment to revolutionise cardiovascular care and resulted in the development of the BiVACOR Total Artificial Heart.

Please join us in honouring Dr Timm's work and also celebrate our wonderful health and medical researchers in Queensland.

## BY PURCHASING A TABLE YOU WILL:

- Enjoy networking opportunities with medical researchers
- Support the promotion of health and medical research in Australia
- Gain visibility among key stakeholders in the field
- Contribute to the recognition of outstanding researchers such as Dr Timms

For questions or further information please contact the Gala Dinner coordinator, Dr Tharushi De Silva at [t.desilva@qut.edu.au](mailto:t.desilva@qut.edu.au)
